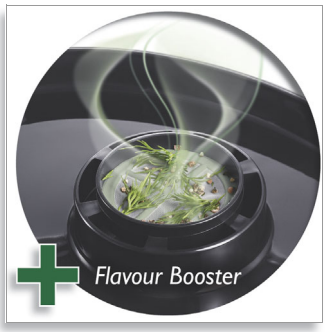
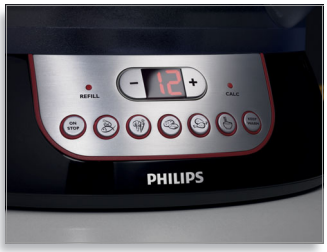
Highlights

Flavour Booster



The unique Flavour Booster improves food with the delicious aroma of herbs and spices, bringing true taste to steaming. Simply pop your favourite herbs and spices into the booster, and let steam do the rest. The heat from the steam releases delicate aromas from the herbs and spices, which thoroughly infuse the food with their mouth-watering flavours.

Optimal preset timings



Steaming is a delicate art, which is why the Philips Steamer has a wide range of preset timings that automatically shut off the steam once the ideal steaming time is reached. That will help you to cook a huge variety of foods—including rice, eggs, vegetables, chicken and fish—achieving perfect results that retain all the flavour and vitamins.

Descale indicator

Descale indicator light with bell, signals when to descale.

Cord storage

Cord storage keeps kitchen surface neat and tidy.

Recipe booklet

Recipe booklet packed with expert tips and tasty treats.

Dishwasher-safe parts

Dishwasher-safe parts make cleaning easy.
